

A Thames Valley Ancient Egypt Society Public Lecture

Move over Osiris here comes Serapis!

By Paul Whelan

Saturday November 9th 2019

1.30 for 2.00pm

The talk will look at the introduction of Serapis at Abydos and how the cultic life there, for so long focused on Osiris, changed as a result. This under-explored period in Abydos offers interesting and unusual aspects of which people maybe unaware.
